

TO OUR AMAZING CLIENTS!

Due to the recent uprise in money fraud/scams the clinic has experienced over the last several months, we have made a decision to **no longer offer credit card or debit card as a method of payment**. Although inconvenient, this decision is in the best interest of our business and also helps to keep prices stable rather than constant price increases.

What this means is that you will need to come prepared for your appointment. Interac E-transfer is a fast, easy way to pay, just be sure that your e-transfer limit amount is sufficient. Staff is always here to help you better prepare. Cash, money order and bank draft are also accepted. To ensure a seamless visit, please see some tips below:

NEW CONSULTS

If you are visiting us for the first time, you should know that deposits are necessary to secure an appointment. For example, should you decide on your consult day to proceed with surgery or treatment you will be required to leave a deposit in order to book.
